Endava shall have no obligation to pay for or return packing cases, skids, drums or other articles used for packing the Goods.

19 RISK AND TITLE

Title and risk in the Goods shall pass to Endava upon the delivery of such Goods to Endava, free from any third party rights or interests (including liens, charges and options), unless payment for the Goods is made prior to delivery in accordance with Contract, Order or this GTC, in which case title to the Goods shall pass to Endava once payment has been made for the Goods by Endava.

Supplier shall, at its sole expense until Goods delivery, be fully liable for and insure the Goods against all risks, to their full replacement value.

20 ACCEPTANCE AND DEFECTIVE GOODS

Upon delivery of Goods by Supplier to Endava, Endava shall [within ten (10) Business Days after delivery of relevant Goods] or such other period as set out in the Contract or Order (the “**Acceptance Period**”) either reject or issue an Acceptance for the Goods. For the avoidance of doubt Endava shall not be deemed to have accepted the Goods until the expiration of the Acceptance Period.

Endava shall also have the right to reject the Goods after the Acceptance Period, upon the discovery of any latent Defects in the Goods.

Without prejudice to any other rights and remedies the Endava may have, if any Goods are not supplied in accordance with Contract or Order, or if Supplier fails to comply with any terms of Contract, Order or this GTC, Endava shall be entitled to, at its sole discretion:

- a) reject the Goods (in whole or in part) and return them to Supplier at Supplier sole risk and cost, to receive a refund for Goods returned;
- b) at Supplier expense, allow for Supplier to either remedy any Defect in the Goods or to supply replacement Goods and carry out any other necessary work to ensure that the terms of Contract, Order or this GTC are fulfilled;
- c) to claim such damages as may have been as a result of or in connection with Supplier breach of Contract, Order or this GTC; or
- d) terminate Contract, Order or this GTC, in whole or in part, immediately upon giving written notice to Supplier, and, in the event of any such termination, Supplier will promptly provide Endava with a full or pro-rata refund of any Price paid by Supplier for the Goods.

21 WARRANTY PERIOD. MILESTONES

Without prejudice to any other rights and remedies of Endava, Supplier shall upon request and at the Endava's option, replace or repair all Goods which are or become defective during the twelve (12) month period from the date of delivery (“**Warranty Period**”), where such Defect occurs under proper usage. Repairs and replacements shall themselves be subject to the foregoing obligations for a period of twelve (12) months from the date of delivery of Goods, reinstallation or acceptance testing, whichever is appropriate after the repair or replacement.

Supplier shall achieve all Milestones in accordance with the Order. In respect of any failure to achieve any Milestone, Supplier will:

- a) mitigate the impact of such failure;
- b) promptly propose an appropriate, written corrective action plan with respect to such failure and, subject to Endava's approval (which shall not be unreasonably withheld or delayed), proceed diligently to execute such action plan; and
- c) to the extent possible, take appropriate preventive measures so the failures do not recur.

APPENDIX B – SUPPLY OF SERVICES

22 INTELLECTUAL PROPERTY RIGHTS

Except for Supplier Materials (if any), Supplier, on behalf of itself and the Supplier Personnel, acknowledges and agrees that Endava owns automatically and immediately upon creation all right, title and interest in and to the Services, both as individual items and/or as a combination of components and whether or not this GTC and/or the Services are completed.

To the extent that ownership of any Services does not by operation of law vest in Endava, Supplier hereby irrevocably and absolutely assigns, transfers and conveys (and shall cause all relevant Supplier Personnel to so assign, transfer and convey) to Endava (or, at Endava's request, to any other Endava's Affiliate designated in writing by an Authorised Representative of Endava to receive such rights and interests), all right, title, interest, including all IPR, in any Services, all of which shall vest in Endava (or such designee) immediately upon creation of the same, with full title guarantee and free from all encumbrances and other rights of whatever nature exercisable by any third party, together with the right to take action for any past, present and/or future infringement and claim damages and other remedies in respect of any infringement or alleged infringement of such IPR. Supplier hereby irrevocably and unconditionally waives and shall procure that all Supplier Personnel irrevocably and unconditionally waive any moral rights or other IPR in or relating to any Services and shall upon request provide Endava with written evidence of such waiver. Supplier shall, and shall ensure that all Supplier Personnel shall, give Endava and any Endava designee all reasonable assistance and execute all documents and perform all acts that Endava deems necessary or advisable to assist or enable Endava to perfect the assignment of IPR contemplated under this clause and preserve, register, record, enforce and defend Endava (or its designee) rights in the applicable Services.

Supplier shall, immediately upon Endava's request, or upon termination, cancellation or expiration of this GTC, deliver to Endava all Services prepared or developed in connection with this GTC held by or on behalf of Supplier, together with all copies thereof.

The Supplier waives or shall procure the waiver of all moral rights in any works or materials made, originated or developed by the Supplier or the personnel of the Supplier during or in the course of providing the Services.

Supplier shall not incorporate any Open Source Software into any Services or any other materials either created or modified by the Supplier or the personnel of the Supplier, without first obtaining written authorisation from Endava to the incorporation of any such open source software. For the avoidance of doubt, written authorisation shall also be required for any Third Party Products which include Open Source Software, being either incorporated or provided as a Service to the Endava.

Supplier shall not incorporate any Supplier Materials or any Third Party Products in the Services without the Endava's prior written consent. If any Supplier Materials or Third Party Products are incorporated into, combined with, or required for the use, operation or exploitation of any Services, the Supplier hereby grants to Endava's Affiliates and any contractor under contract to provide services to any Endava's Affiliate (provided that such contractors' use shall be limited solely to providing such services), at no additional charge, a non-exclusive, fully paid up, royalty-free, perpetual, irrevocable, transferable, sublicenseable (through multiple levels of sublicensees), worldwide license to use, execute, copy, display and perform (whether publicly or otherwise), distribute copies of, reproduce, maintain, modify, enhance, and create derivative works of and otherwise make, have made, sell, offer to sell, import and exploit such Supplier Materials (in whole or in part), in any form or media (now known or later developed), without consideration or any obligation to account to Supplier or any third party.

The Endava agrees that in dealing with any claim for infringement of a third party's IPR, the Supplier shall at its own expense and at the Endava's option:

- a) pay for the right to continue using the Services, subject to commercially reasonable terms;
- b) make any changes to the Services, provided that such changes do not materially affect the functionality of them; or
- c) replace the Services with other software which has functional equivalence and the same performance capacity.

Without prejudice to any other rights or remedies of Endava, if Supplier has not performed in accordance with the GTC or if such performance by Supplier has not avoided the relevant IPR claim, then Endava may terminate this GTC, in whole or in part (e.g. solely with respect to the Services that are or may become the subject of an IPR claim and any other Services the utility of which is dependent on such infringing Services) with immediate effect on giving written notice to Supplier, in which case Supplier shall promptly provide the Endava with a refund of the aggregate payments made by the Endava in respect of the terminated aspects of the GTC (including amounts paid in respect of any Services performed in relation to such terminated aspects of the GTC).

23 ACCEPTANCE AND DEFECTIVE SERVICES

Unless otherwise set forth in the Contract or Order, each Services will be subject to acceptance testing by Endava and the acceptability of any of them will be based on Endava determination that each of them meet the applicable Acceptance Criteria. If any of them do not meet the applicable Acceptance Criteria, Endava will notify Supplier, specifying its reasons in reasonable detail, and Supplier will, at no additional cost to Endava, within ten (10) Business Days of notification by Endava (or such other time period as specified in Contract or Order) (the "**Correction Period**"), conform the Services to the applicable Acceptance Criteria and submit corrected Services to Endava to re-perform Acceptance test.

If at the end of the Correction Period, the applicable Services still does not meet the Acceptance Criteria, Endava may, at its option and without obligation or liability of any kind: (a) terminate this GTC, in whole or in part, and receive a prompt refund of all Price for the portion of this GTC so terminated and any Services the utility of which is dependent on such rejected Service, or (b) extend the time for Supplier to correct the affected Service by an amount of time determined in Endava sole and absolute discretion. If following any extension granted by Endava, the Services still do not meet the applicable Acceptance Criteria, Endava may implement its rights under clause (a) above.

When a Service provided to Endava for review is determined by Endava to meet the applicable Acceptance Criteria, Endava will notify Supplier in writing of its Acceptance. Any acceptance by Endava shall not mean that Endava has varied or waived any rights under this GTC.

Without limiting any of Endava other rights and/or remedies, if, during the Defect Rectification Period, Endava brings a Defect in any Service to Supplier's attention, Supplier will take such actions as are required to remedy the Defect as soon as possible and at least within twenty (20) Business Days after it learns of such Defect.

24 MILESTONES

Supplier shall achieve all Milestones in accordance with the Order. In respect of any failure to achieve any Milestone, Supplier will:

- d) mitigate the impact of such failure;
- e) promptly propose an appropriate, written corrective action plan with respect to such failure and, subject to Endava's approval (which shall not be unreasonably withheld or delayed), proceed diligently to execute such action plan; and
- f) to the extent possible, take appropriate preventive measures so the failures do not recur.

For the avoidance of doubt, Endava shall be able to make as many copies of the Documentation as required for its business purposes and for the users of the Software.

- (d) No additional Software or licenses are required for the effective use of the Software, including, without limitation, for effective use of any database components thereof; and
- (e) To the extent that the Software is used in conjunction with a web browser, no plug-ins or non-standard browser components are required for the effective use of the Software.

The Supplier warrants on an ongoing basis, that from the date of delivery throughout the Software Warranty Period:

- (b) Be materially free from Defects and errors; and
- (c) Shall not and will not contain any Virus or will not introduce any Virus in the Endava's systems.

Without prejudice to any rights that Endava has under Contract, Order or this GTC, at law or in equity, in the event that the Software does not comply with the Warranties set out in this clause, during the Software Warranty Period, Endava shall notify Supplier of such non-compliance and elect to:

- (a) Request for the Supplier to correct the non-conformity within a timeframe set by Endava in its absolute sole discretion, unless otherwise agreed between the Parties; or
- (b) Upon providing the Supplier with 15 days prior written notice, terminate the Contract, Order or GTC, and receive a pro-rata refund of any Price or charges pre-paid for a duration of time, that was not received.

28 ENDAVA OBLIGATIONS

The Endava shall not modify or otherwise change the Software without Supplier's prior written consent.

The Endava shall not remove or tamper with any proprietary information or trademark notices appearing on any Documentation or Software supplied to it by Supplier at any time.

29 INDEMNITIES

Supplier shall indemnify the Endava against all costs, Losses, damages, and expenses arising out of or in connection with any claim made against the Endava by a third party alleging that use of the Software infringes that third party's IPR.

30 ESCROW

When required per applicable law, if requested by Endava at any time during the term of this GTC, Supplier shall, as soon as reasonably practicable, enter into a National Computer Centre (NCC) Escrow Agreement in relation to the Source Code for the Software.
